A MESSAGE From The President

Next week the Rotary club of Haliburton will stage its 10th annual Carnival for which plans are now well under way.

Nothing is being left undone which will insure it being the best show we have ever staged and we invite you to support and enjoy it to the fullest extent.

The parade, which has shown a steady improvement over the years both in members and quality is expected to excell all previous occasions. One feature, worthy of note is the addition of the Cobourg Kilties Brass Band, the best of its kind in Ontario. This band, together with the combination Haliburton and Minden bands will lead the parade giving it that touch of colour and music which thrills the imagination of young and old alike. The only change in the route the parade will follow is that an additional block will be included thereby affording a better display of the many floats.

In conclusion of the parade both the curling rink and the skating arena will be in readiness for a complete schedule of entertainment.

Bingo is the main feature in the curling rink where ample seating space and valuable prizes await those wishing to participate in this popular game, where also will be displays for your entertainment and a complete food booth FOR YOUR convenience.

In the skating arena will be a complete line of games of skill and chance interspersed with booths at which you

may regale yourself with hot dogs, hamburgers, ice-cream, and soft drinks, while enjoying musical selections, rendered by the Cobourg Kilties Brass Band. If anyone can find a dull moment we would be glad to hear of it.

For Thursday night the entertainment committee have been fortunate in securing entertainers of the very highest calibre. These individuals have been chosen with great care to provide you with the very best in fun and pleasure. We exact no charge for this but ask only that you accept it as our idea of showing, in a tangible way, our appreciation of your support now as in the past and our faith that we shall have it next year and the years following.

Realizing that no carnival would be complete without the children a miniature mid way is being provided for their especial benefit and so bring along the kiddies & show them a rollicking good time.

Rotary is one of very few organizations in existence that administers funds donated by and secured from the public without any administration costs which means, that every cent you give is used for improvement of the community or for the benefit of some needy individual.

Your continued interest & support provide us with one of our greatest incentives in our desire to serve.

Reserve the evenings of Wednesday and Thursday, August 5th and 6th to attend the Carnival and enjoy our hospitality.

THE WHEEL

In International Rotary, The emblem is a wheel. The wheel is fashioned like a cog Whose meshes grip with zeal.

Their loyalty they show to God In brotherhood to man. The wheel rotating every week Serves the Creators plan.

Like cogs within a big machine That turn them round and round, In welfare work around the earth Rotarians are found.

Now rotary presents to you A gala two-day show, Its the 5th and 6th of August, I want you all to know.

And with your participation With the work now well in hand, The Rotary will wheel its joy And sunshine o'er the land.

Mavis Noice

HALIBURTON ROTARY Park and Beach

A few years ago the present location of the Rotary Park and Beach was a marsh and later covered with saw dust. In 1947 the Rotary club purchased this property and when the plans and program started in 1947 are completed, Haliburton will have a fine Public Park and Beach. The completion of the Park will take several more years in accordance with the original progressive plan as adopted by the club.

In addition to the \$4,417.35 previously invested, much free labour, materials and equipment have been donated. This year park tables with a roof over have been constructed, a wharf is under construction, playground equipment has been set up and the beach has been improved.

The Rotary Club wishes to express their appreciation to everyone who has assisted in the development of the park and trust you will continue to give your support.

A Record

A record has been made in paving the highway between Haliburton and the Drag Lake Turn. Five miles were laid in five days. Credit for this is due to Bill Young & his able machine operators.

W. Young and his fleet of graders, distributors, rollers, etc. are now paving the Minden By Pass, this weather permitting. They expect to complete in a short time.

Bill Young comes from Huntsville and is under the direction of W D S Patterson Division Engineer of the districts of Parry Sound, Muskoka and Haliburton.

Speeding In Haliburton Bring Fines

Haliburton — Six persons were convicted in Magistrate's court on Tuesday, of speeding in the village — exceeding the 30 miles an hour limit. Fines ranged from 12.50 to 17.50

We understand that the provincial police are going to ask for higher fines for this offence in the future.

We Take A Bow

They say that you should not TOOT your own horn unless you are playing in a band, however we think we have a good reason this week to feel just a little elated.

On Monday morning of this week a poem entitled "They Do It Every Time" which was written by Mavis Noice and appeared in our issue of July 9th was read on a radio broadcast from Toronto. And on Tuesday morning our last weeks editorial headed "The Heart of Democracy" came in for favorable comment on the air.

International Service

Each Rotary Club sets up a special committee to foster and encourage better international relations. In a small club such as the Haliburton Rotary, the scope is of course not nearly as great as in the larger centres. However, there is a field for work in this endeavor in the Highlands of Haliburton.

During the busy summer season, Rotarians from many countries and far away places visit our club. By showing every courtesy and making our visitors welcome and by having our guests talk to us about their lands & customs, Rotary goes far in breaking down racial barriers.

A scholarship has been set up, under which outstanding scholars are given the opportunity to study in a foreign country and many Canadian students have enjoyed this privilege.

These things do much to cement friendly relations, which are so badly needed in the world today.

rear corner pulled off when passing a loaded gravel truck working for Beamish Construction who are surfacing road between Furnace Falls and Gooderham. At the time of the accident the road roller was in action and the confusion between drivers & flag men resulted in collision

Merv. Robertson Wins Outboard Motor

At the Lucky Draw on Friday evening last, sponsored by LOL 975 and RBP 600 held in the new Orange Hall at Haliburton the following were the lucky winners:

1st Prize 3 HP Evinrude Outboard Motor: Mervyn Robertson;

2nd Prize Stevens 410 Repeater Shot Gun: Arthur Wilkinson;

3rd Prize Fishing Kit: Mrs Wilfred Caines.

This Year's Carnival To Be Rotary's Best

Haliburton — This years Haliburton Rotary Carnival promises to be by far the best and most entertaining in the ten years that the club has staged them. There will be more, and bigger, and more attractive floats in the parade, there will be more clowns & comedians, and this years parade will boast two bands, the Cobourg Kilty Band and the combined Haliburton — Minden bands.

In the arena and curling rink there will be more and better games, novelty booths refreshment booths and band concerts.

Then on Thursday night, there will be staged a big Vaudeville show and the highlight will be when the draw

Great Entertainment For the Carnival

Those who attend the big Rotary show to be staged in the Arena on Thursday night Aug. 6th, will see some top-notch acts in Vaudeville.

These will be headed by Tom Hamilton, the famous scottish comedian, who will also be Master of ceremonies of the big show.

Miss Twisto, a beautiful and talented young lady will, as her name implies, tie her self up in knots in her contortion act.

Ted Rust will be heard in his ventriloquist act. Ted is really good.

Then there will be comely Dorothy Merrill, an outstanding accordionist who will also act as accompanist to various acts in the show.

For speed and grace on roller skates, there will be Roller Flyers. This is a wonderful act and is well worth seeing. They carry their own portable floor.

Also to be heard and enjoyed will be the Harmonitones, a truly outstanding harmonica trio.

For a big night of fun & entertainment by outstanding artists — don't miss this show. It definitely surpasses last years, which many will remember as being "tops".

EDITORIAL

ROTARY

The idea of the Rotary Club originated with Paul Harris, a Chicago lawyer, who in 1905 formed a little club of business and professional men, each one representing a different trade or profession, for the purpose of interchange of opinions on various matters. This first Club was a luncheon club and its founder and members decided to give of their time and talents to those in less fortunate circumstances. From this small club has come the world wide and world renowned Rotary clubs whose motto is "Service not

self". Countless thousands through out the world bless Rotary for its many deeds of kindness, in assisting and comforting the poor and needy, and especially in providing medical, surgical and orthopedic treatment for crippled children. Fortunate indeed is the town which has a Rotary club, for where you see the Rotary wheel displayed, you know that there are great-hearted, kindly men who give freely of their time, talents and wordly goods in the service of those who need help.

Cry Discrimination

There has been rumors to the effect that the office of the Haliburton Highlands Chamber of Commerce has been showing discrimination in giving information to tourists enquiring for accommodation.

Last week we heard such a rumor and decided to investigate. It appeared that a party of four enquired at the Chamber office for cabin or cottage accommodation in or near the village of Haliburton and that they were told that there were no vacancies listed.

We took this complaint to the Chamber office and were told that many enquiries have been received for cabins and cottages in that vicinity but that they could not give the enquiring parties the information asked for as cot-

tage and cabin owners in that area had not even bothered to give a listing of what they had to the office. We were shown the record book and found only two such listings in the Haliburton area.

The staff of the Chamber of Commerce are not mind readers but they are both fair and efficient and are ready and willing at all times to be of service.

It is unfortunate that many people who operate businesses for the accommodation of tourists are so lax in their business methods that they will not bother to give their listings to the Chamber yet these same operators are the first to complain and cry "discrimination" when others get the business and they dont.

I'm Determined to Get a Fish

I live on the shore of lake Kashagawigimog and in Kashagawigimog are countless thousands of beautiful lake trout and other thousands of fighting small mouth black bass and still other thousands of speckled beauties. I have been kind to these fish - I have fed them lush silver minnows, scrumptious soft shelled crabs, delectable green frogs, nice fat wiggly dew worms, plump green grasshoppers and all these succulent meals have cost me plenty. But do they show a shred of gratitude - no, not one. They are racketeers - they take all and give nothing. So I say to myself -

I'll fool 'em - I'll troll. So I buy silver spoons, copper spoons, brass spoons, pearl spoons, enameled spoons, plugs, flies, june bugs, jiter-bugs spinners and doodle bugs. Then I buy gallons of gasoline and I troll, I cast, I still - fish and I talk to them gently, I sing to them and plead with them, then I get mad and damn them from Ingoldsby to Haliburton and back again.

(Well I'm a determined fellow some might even say I'm bull-headed and pig-headed, but I'm going to get a fish. Tomorrow I'm going up to Moss Robertson's and buy me a frozen mackerel.

Our Trip to Drag Lake — Haliburton

A Diary kept by Mr J. C. Edwards, who made the trip with Willie Clarke in the fall of 1892.

Sept. 4th Sunday —

A fine hot day and very pleasant on the islands. We rested today and wrote a letter home for Charley to post at Lakefield on his return. Robert Strickland's brother called on us this morning and took us to see a small sheet of Water called Fairy Lake which has no inlet or outlet. It is reached by a short portage directly opposite our camp.

Willie spent most of the day fishing off the rocks, catching perch and sunfish. Went out for a short paddle before sundown.

Sept. 5 — Monday

A wet day so we had to sit in the tent all morning smoking and reading. Raining to steady to cook, so we had bread and cheese for dinner. It cleared in the afternoon with a strong breeze blowing. Did not launch the canoe today but sat around and fished a bit, catching a few small perch and sunfish. Peter (our dog) stole four rashers of bacon off the table, that Charley had cut and placed there for our supper. Have a bad blister on my left thumb, very painful and inflamed as it is gathering, so dressed it with carbolic ointment. A fine moonlight night.

Sept. 6th Tuesday
A fine morning but very breezy and the lake rough. After breakfast, we paddled over to Fairy Lake and walked to Pulpit Rock, from the summit of which we got a fine view. A strong breeze all day and lake rough, so could not break camp.

Hodgson Says ANNOUNCEMENT Was Premature

Mr Hodgson informed us today, in connection with the recent announcement made by the Liberal Candidate in the Lindsay Post, of July 18, 1953, that Eagle Lake, West Guilford and Maple Lake were to have a rural mail service, that such an announcement was premature, and quoted from a letter dated July 17th, 1953, which he has received from the Secretary-Manager of the Haliburton Highlands Chamber of Commerce.

It was stated in this letter that tenders have been called

for a mail service on the old basis, which is not considered satisfactory by residents in the district.

Mr Hodgson further stated that he had been dealing with this matter for some considerable time. However, insofar as he knew, the necessary petition bearing the sufficient number of persons qualified to sign, had not been received. He stated it was his intention to continue his efforts to secure the mail services the residents of the area desired.

WEST GUILFORD

Mr and Mrs Parker, now of Toronto and recently of Yorkshire Eng., have been enjoying a holiday in Geo. Jones cottage at Redstone Lake. Mr and Mrs Pervis of Toronto are also at Redstone.

Mr and Mrs Harry Brown Jr. of Bever Falls N Y are holidaying on the Island at Redstone.

Mr Ed. McKenzie, youngest brother of Mrs Brown, is visiting on the Island.

Mr Edward McKenzie is with the American Navy & has been stationed at Key West, Florida.

Mr Samels and children of North Bay were recent guests of Mr and Mrs Ross Pritchard, Grass Lake.

(By the way "Grass Lake" is really called "Green Lake" on some of the more recent aerial maps).

Mr Bert Boice is guiding Mr Al Borne and his party from New York and Buffalo, on a fishing trip to Kenosis and surrounding lakes this week.

Mr and Mrs Russell Bain are taking off the hay on their new farm at Maple Lake, Mrs Bain informs us, that they have a bit of mo-

ving to do yet, before severing with West Guilford.

Maple Lake's gain is West Guilford's loss. We shall miss the Russell Bain's, who have been one of our most respected and friendly families. We wish them luck in their new home.

The Sutton's of Welland are in Giles Clancy's cottage on Pine Lake.

Brennen's cottage on Cranberry has friends, from Wellands also this week.

West Guilford has a grader, a big yellow one. Mr Henry Bain is in charge and Mr Alf. Sisson is driving it.

Mr Basil Kydd, Mrs Kydd and children Gladys & Ralph of Toronto are visiting relations in West Guilford. They are making their headquarters with Mrs Bert Boice.

Many residents of West Guilford, as well as some summer visitors and residents of the Forestry school enjoyed the baseball game, in the School grounds at West Guilford, on Friday.

Mr and Mrs Noel Griffin, accompanied by their children Sherman Sims and Gloria Sims, spent a day in Peterborough, visiting some cousins and looking over boats.

Letters to the Editor

Lindsay, Ont.
July 26, 1953.

To the editor:

I have noted a letter signed by a Mr Jenkins of Little Britain and which appeared in your paper of recent date.

Believing that a soft answer turneth away wrath, I shall apologize to Mr Jenkins because he has misunderstood my references to the Conservative Candidate interfering in Provincial Affairs.

Perhaps as you suggest, Mr Jenkins, I should have said the Conservative Candidate just does this legwork for the Ontario Government as a hobby in his spare time.

Now Mr Jenkins, may I suggest that we are in a campaign to elect a member who will represent us in Ottawa, many, many people of varying political faiths agree that it will be more advantageous to have a member of the party in Power in Ottawa as we now have a member of the party in power in Ontario.

I also apologize Mr Jenkins that I did not mention to the press in my previous letter about the various teams in this riding. The candidate has pictures in Victoria and Haliburton showing the Conservative Candidate with one bower and in the Ontario Townships, the Hon. Arthur Welsh, a provincial Cabinet Minister appears as the other bower. But Where, oh Where is Mr Drew? Could he be the joker?

You must know Mr. Jenkins, we Liberals are proud of our leaders — There have been few of them, but they have been great.

Surely your Conservative Candidate, who you say has done so much for us wonderful people (we are the best in the world, so he says) (Liberals included) surely, after nine years of political experience should be able to paddle his own canoe. If he needs someone in the bow - end where is Mr Drew?

You also say Mr Jenkins that the Conservative Candidate has done more for his riding than many members of the Liberal Government have done for theirs. Don't be silly.

If it pleases you, sir, to anticipate a Conservative Victory I suggest you rejoice before August 10th, because "Pleasures are like poppies spread, You pluck the bloom, the flower has sped."

Seriously Mr Jenkins, you don't think the people in this riding will trade prosperity for Drew's promises - or do you?

Remember a vote for Hodgson is a vote for Drew.

Very truly yours

Keith G. Gordon

Minden Rotary

Monday marked one of the highlights in the Rotary year with the official visit of the District Governor. Rotaries three hundred and seventy thousands odd members in 8,000 clubs thruout the world are divided into some 212 districts each of which is presided over by a District Governor. We are situated in district No. 247 in which are some 60 clubs varying the size from the Toronto club with over 400 members to that in Englehart with 17. Governor this year is Ray R. Jessop of Sudbury.

Ray a member of the Sudbury club is in private life resident manager of Draper Dobie Co. However we are afraid that he will be absent from business for considerable time this year, for already in connection with his work he has spent time at Lake Placid in company with other district Governors in schooling for their work, attended the International Convention in Paris and now is actively engaged in the visits to the clubs in his district and will supervise the district conference which will be held in his home city at the end of September.

His address which was strictly Rotary outlined and emphasized the four objects of Rotary which fall under Club Service, Vocational Service, Community Service and international service. They fall all under the objective of developing better understanding and fellowship among business & professional men, promoting community - betterment, undertakings, raising standards of business & profession, and fostering the advancement of good will, understanding and peace among all people of the world.

The meeting emphasized the fellowship of Rotary in that we had 15 Rotarian visitors from clubs thruout Ontario and three states from South of the Border.

You gave him this job to do

and St. Laurent is getting RESULTS!

In 1949 the Canadian people expressed their confidence in St. Laurent and the Liberal program. This glance at the record reveals some of Canada's tremendous accomplishments under St. Laurent's leadership. No other country has fought a war, balanced its budget, reduced its debt, cut taxes—all at the same time.

Now there's another big job ahead. And Louis St. Laurent has proved that he, more than ever, is the Canadian best fitted to do the job.

Promoting employment and prosperity ✓

More Canadians working, for higher pay, than ever before . . . New records established in national production, national income every year since 1949.

Developing our trade ✓

Old markets expanded, new markets opened up . . . Canada third largest trading nation in world . . . External trade at all-time high . . . Negotiated mutual tariff concessions with 34 countries — a practical way of freeing international trade.

Expanding our industry ✓

Liberal policies have encouraged rapid economic growth . . . Unprecedented development of resources . . . Consumer purchases doubled since the war . . . Investment in new plants and equipment running over \$5 billion a year.

Strengthening our dollar ✓

Budgets balanced . . . National debt reduced . . . Inflation brought under control . . . Taxes lowered . . . Canadian dollar strong.

Supporting farming and fishing ✓

These basic industries aided by trade agreements, floor prices . . . New low-cost insurance plan assists owners of smaller fishing vessels . . . Farm production and income at record levels.

Fostering good labour conditions ✓

New federal legislation prohibits discrimination on grounds of race, colour or religion . . . Unemployment insurance extended to cover seasonal lay-off of workers . . . Special efforts to help disabled workers to find useful and satisfying employment . . . Time loss from strikes at low point.

Working for National Security ✓

To prevent aggression, Canada's forces serving in Far East and Europe . . . Canada making major contribution to NATO defence build-up . . . Largest peacetime defence program in our history . . . Full support to United Nations . . . all to preserve peace.

at the SLIPPER

They have some books: I direct your looks To "Pocket Politics" — The same old tale, the same old wail, The same old Tory Tricks, In them they say, we are on the way To "Poor-house Number Two", Now that's too bad, 't would make me sad, If I just thought 't were true.

Now listen pard, that's the same old card, They've played all down the years, If they think it's trump, they've a coming bump For it fills us not with fears.

And how they "scream" about their "team", "Our Clayt" and Premier Frost, If either man, were an "also ran", Our prestige would not be lost

For in the game, we have Foster Graham, He's one of the 'Good Times' guard, He merits your trust, vote for him you must, Or you'll be sorry, "Old Pard".

Attendance At Meetings

Rotarians meet once in a week and in Haliburton this meeting is held each Thursday at 6.30 p. m. in the Legion Hall. Each Rotarian is required to attend at least sixty per c. of the meetings and must not miss more than three meetings in a row.

Should a member not be able to attend as regularly as his membership although exceptions are made and leave of absence granted in exceptional cases.

During the past year the Haliburton Club has had the best attendance average since it was formed. Eight of the members did not miss a meeting all year and two members have had perfect attendance since the club was formed. We had two attendance contests last year, one with the Minden Club and one with the Huntsville club and both contests ended with a tie. Each club had a perfect attendance for the month the contest ran.

You may wonder why so much stress is put on attendance. Every Rotarian is a member of some committee and these committees carry on the service work of the club. Unless a member attends regularly it is impossible for him to do his share on the committee and the work of the club is hindered. I believe a small club of active interested members will do more than a large club where only a few members do all the work. Of course a Rotary club in itself could not do much but with your co-operation a great deal can and has been done. We will look for that continued co-operation at the Carnival next Wednesday and Thursday. See you then.

Last Sunday, three young men, near Gooderham, were caught shooting over the Lake with .22 rifles. They also had undersized fish in their possession.

The guns and fishing tackle were confiscated and they are to be charged under the game and fisheries Act. An expensive afternoon.

Game Wardens and Provincial Police are taking down indiscriminate use of fire-arms in the county.

Without license or shooting on Sunday, guns will be confiscated and charges preferred.

Mr. Hodgson**Reports**

In every section of this riding, I find the main issue being discussed is "Ottawa taxes" and "Ottawa extravagance" stated Clayton Hodgson in the course of an interview with the Haliburton County Echo.

The Petawawa exposure revealed a shocking situation. No good citizen objects to fair taxation. Every good citizen resents waste and extravagance by the Government that handles his hard-earned cash.

Mr Hodgson went on to say "I think the people of this riding are determined to use the ballot as a weapon to end the extravagance of this powerful Ottawa set-up."

There will be a new Government in Ottawa after August 10th. - the tax-payer will be given a new deal. George Drew and the Progressive Conservative party will fulfill every promise made in the election manifesto. By the elimination of waste of the Petawawa type in various Government Departments, an estimated 500 million dollars Less will be taken from the pockets of people each year. This can be done without reducing any pensions, family allowances, other social security payments, or in any way impairing the efficiency of our armed forces.

Mr Hodgson said further that the time has now come when further relief must be given to the municipal taxpayer and the Progressive Conservative Party is pledged to introduce legislation exempting municipal councils and school boards from sales tax and excise tax on all purchases of machinery, equipment and goods. This should provide relief to the hard-pressed taxpayer in every municipality.

In his travels through the Riding, Mr Hodgson has found many Liberals who have expressed their dissatisfaction with the actions of the Liberal Government and who have promised him their support on August 10th.

Hodgson Promises Relief For Hard Pressed TAX-PAYER

In an interview today:

Mr Hodgson mentioned the huge Dominion Government surpluses brought about by over-taxation — direct and hidden — and said it was his opinion that this was one of the main causes for the high prices we have to pay for practically everything we eat and wear. He then said "during dinner the other night he got thinking about the amount of taxes paid on the things you eat and wear and upon inquiring, he found that there is a 10 p. c. sales tax on such things as baking powder, shortening, spices, pie mixes, jello, cocoa, etc. Every cup of tea and coffee you drink is taxed. You are paying taxes on your children's clothing, on your boots and shoes, on household furniture, and on most household appliances". "You know", Mr Hodgson went on to say, "the Liberal Government has been taking on an average of nearly \$100.00 per month from a family of four during the past year, in direct and hidden taxes. Little wonder, when you take a look at the family bank account, you get a shock. Well a good chunk of your money

went in taxes". He then said it was very important to remember that the Progressive Conservative Party is pledged to call a special session of Parliament in October for the purpose of giving immediate relief to the hard-pressed tax-payer.

Mr Hodgson expressed the opinion that the members of the Liberal party had grown away from the people — they have become smug and complacent. When defects are called to their attention, they look the other way or say "taxes and waste!" "Why I don't understand what you mean". "My answer to this", said Mr Hodgson, "is that they don't want to understand. However, there are a lot of people who do understand. Why? Because they are beginning to realize the reason for the high prices they are paying for so many necessities is because of the high taxes and these are largely caused by the waste and extravagance of the Liberal Government. Mr Hodgson finished by saying "All you have to do to find this out, is to travel around this Riding as I have done, and the people here are just the same as anywhere else".

WEDDING

Barns — Sawyers — Chapelle

The United Church at Maple Lake was the scene of a pretty wedding on Saturday afternoon, when the Rev Rutherford performed the ceremony which united Mrs Stella Greta Sawyer — Chapelle, elder daughter of Mr and Mrs Carm Sawyer of W. Guilford, to Mr Bray Barns of Cincinatti. The bride, who was given away by her father, was beautiful in a gown of mauve taffeta. She wore a matching hat and carried a bouquet of yellow glads and orchids. The bridesmaid, Janice Sawyer, sister of the bride, wore a green taffeta dress and hat, and carried a yellow bouquet. The groom was in navy and was supported by his brother Richard Barns. The ushers were Mr Ric McCary and Mr Ross Hornsberger. Mrs Leslie Reynolds played the wedding march. As part of the service Mrs Petra Peganau sang "Oh Promise Me" and "Oh perfect Love", she was accompanied on the organ by her daughter Beth. The wedding reception and supper was held at Mrs Carm Sawyers. Mrs Sawyer, in Grey nylon, assisted by Mrs Barns Sr., received the guests, who numbered over one hundred, and consisted of friends and relatives from Toronto and Pembroke as well as from this county. The bride chose a white suit and accessories for travel. Mr & Mrs Barns will reside in Cincinatti.
